

3.2

CS435 | Ch 3.2 - Official Intro to SELECT Read

- How do we retrieve and search data?

* - Give me all the columns

SELECT Expression - What columns do you want

Ex:

SELECT name FROM cats;

Disp:

name
Ringo
Cindy
Dumbledore
Egg
Misty
...

Ex: SELECT age FROM cats;

• When we want just a Range of data

SELECT name, age FROM cats;

SELECT cat_id, name, age, breed FROM cats;
