CS435 | Ch3.1 - Intro to Crud

MySQl

CRUD - Create, Read, update, and Delete.

Create:
```
INSERT INTO cats (name, age)
  VALUES ('Taco', 14);
```

Preparing the data:

Ex:
```
CREATE TABLE cats
   (
     cats_id INT NOT NULL AUTO_INCREMENT,
     name VARCHAR(100),
     breed VARCHAR(100),
     age  INT,
     primary key (cat_id)
  );
```
